

How to Register HASP Key

1. Hello everyone, this video will explain how to register your ETS-Lindgren HASP key if you have already purchased TILE or EMQuest.
 - a. First go to <http://support.ets-lindgren.com> and click “Register” at the top or middle of the page.

- b. Next, add your contact information for your account:
 - i. First and Last name
 - ii. Email for username and notifications
 - iii. Phone number
 - iv. Company name affiliated with your contract
- c. Then, select which software key to register. Note that if you need
 - i. EMQuest will require the keys Serial Number.
 - ii. TILE will require a HASP key ID number.
- d. Add and confirm a password.
- e. Select the “Agree to terms” check box
- f. Then check “Register” button to submit.
